# NO MORE CORRUPTION

## COMMUNITIES' NEEDS OVER BILLIONAIRE GREED

**We believe that our leaders should work for We the People, not their wealthy backers.**
But today, too many leaders prioritize their own profits and power – at our expense.

## WHILE WE STRUGGLE TO MAKE ENDS MEET, THE ULTRA-RICH ARE GETTING RICHER.

**The average family has paid $1,625 in higher costs for basics** like food, health care, electricity, transportation, and housing since President Trump returned to office. (JEC-Minority, 2026)

Meanwhile, **many large corporations saw record profits** and average **CEO pay increased to 312 times their workers' pay.**
(The Currency, 2025; AFL-CIO, 2026)

**Last year, billionaires became richer by $1.5 trillion.**
(ATF, 2026)

*"In a world where the poor are increasingly numerous, we paradoxically see the growth of a wealthy elite, living in a bubble of comfort and luxury, almost in another world compared to ordinary people."*

***Pope Leo XIV, 2025***

### THROUGH THEIR 2025 BUDGET BILL,

## REPUBLICANS IN CONGRESS ENRICHED THEIR ULTRA-WEALTHY BACKERS, WITH...

- **$1 trillion in tax giveaways for the richest 1%** over the next decade. On average, millionaires will get a tax cut of over $100,000, while many working families will get less than $1 a day. (CAP, 2026; CBPP, 2025)
- **Massive tax cuts for large, wealthy corporations** that benefit only those at the top. (CAP, 2025)
- **Deep cuts to our health care and food assistance** that have made life more expensive and left working families out to dry. (CBPP, 2026)

## AND PRESIDENT TRUMP, "BILLIONAIRE-IN-CHIEF," HAS TAKEN CORRUPTION TO NEW LEVELS.

- **To many of his biggest donors, President Trump handed out pardons, commutations, and cabinet and White House positions.** His administration dropped ongoing investigations into companies that donated millions into Trump's campaign and pet projects. (ABA, 2026)
- **Foreign governments and investors that lavished gifts** or invested in Trump family businesses got multi-billion dollar deals with the U.S. government. (The Atlantic, 2026)
- **Donald Trump's wealth jumped by $2 billion** in his first year back in office, largely from crypto ventures and deals with foreign investors. (Forbes, 2026)

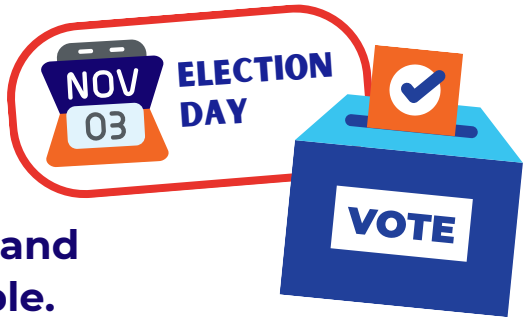

*In the face of this blatant profiteering, **Republican leaders refused** to let Congress even consider legislation to put limits on presidential corruption.*
(Congress.gov, 2026, 2026)
